Guide to Planting Herbs and Vegetables in a Greenhouse ... A greenhouse can extend your growing season and allow you to enjoy homegrown vegetables, fruits and herbs for a much larger portion of the year, or it can be heated to allow for year-round growing. Vegetables & Herbs - Baeten's Nursery & Greenhouse Most herbs require full sun, well drained and average soil. You can grow herbs in pots on your windowsill, in flavorful combinations in a strawberry jar or other containers, in a garden just for them or mixed with annuals, perennials and shrubs in other garden beds to "spice" things up. Herbs & Vegetables - Donaldson's Greenhouse Apply balanced fertilizers sparingly to leafy, fast-growing herbs. Heavy applications of fertilizer, especially those containing large amounts of nitrogen, will decrease the concentration of essential oils in the lush green growth. Tips for Growing Vegetables: A vegetable garden can be the perfect addition to your landscape.
